

WyreStorm - Because the Technology Matters.

Introduction

A revolution in touchscreen control, the award-winning free NetworkHD Touch™ App for iPad & Android puts entire NetworkHD 100 and 400 Series AVoIP systems at your fingertips for both single screen and video wall applications.

An app like no other, NetworkHD Touch requires no training and zero learning curve for users to negotiate. The result is an unrivaled user experience and effortless AV control using a device and gestures users already know, making it ideal for applications as varied as hospitality, retail, exhibition, residential and more.
